

# CARBON INFRACRVENA TEHNOLOGIJA

Infracrvene zrake ubrzavaju sušenje i održavaju kosu hidratiziranom i zaštićenom od pregrijavanja i mogućih oštećenja, uz važno biostimulirajuće djelovanje na kožu.

Infrared rays make drying faster and keep the hair hydrated and protected from overheating and possible damage, with a significant bio-stimulating action on the scalp.

## EKOLOŠKI & TIHO

Ne emitira elektromagnetske smetnje, zahvaljujući motoru bez četkica.

- + Više od 3000 operativnih sati rada!
- Manje šuma u vašem salonu!

It does not emit electromagnetic interference thanks to the motor not having any brushes.

- + more than 3000 operational hours!
- less noise in your salon!

## FAST DRY

### BRZO SUŠENJE

Vaš idealan partner u stiliziranju najbolje ističe vaš talent i profesionalnost. Profesionalno sušilo za kosu **RIVALE 5000** nježno suši kosu, bez isušivanja, zahvaljujući delikatnom djelovanju infracrvenih zraka: pouzdano + brzo + snažno zahvaljujući dvostrukom generatoru iz karbonskih vlakana.

Your ideal partner, designed to best express your talent and professionalism. The **RIVALE 5000** professional hair dryer dries hair gently, without drying it out, thanks to the delicate effect of the infrared rays: more reliable + faster + powerful thanks to the double carbon fibre generator.

## NOISE CONTROL

Odvojivi filter i integrirani prsten za prigušivanje buke.  
Removable filter and integrated sound-absorbing ring nut to reduce the noise.

## CARBON INFRARED TECHNOLOGY

Infracrvene zrake ubrzavaju sušenje kos, izbjegavajući pregrijavanje i oštećenje. Infracrveno djelovanje dopire do kože biostimulirajući je, pomažući poboljšanju lokalne krvne cirkulacije, te pogodujući prirodnoj njezi kose.

The IR allow the drying hair cycle to be faster, thereby avoiding overheating and damaging. The IR effect reaches the scalp while performing a bio-stimulating function, facilitating the improvement of local circulation and promoting the natural nourishment.

## ECOLOGICAL & SILENT

Omogućava više od 3.000 sati rada! Ne emitira elektromagnetske smetnje zahvaljujući odsutnosti četkica u motoru koje postoje u svim tradicionalnim sušilima za kosu. Motor sušila je uvijek pri maksimalnoj radnoj učinkovitosti.

**BRUSHLESS EXTRA LONG LIFE:** More than 3000 operating hours!  
Ecological: it does not emit electromagnetic interference thanks to the motor not having any brushes, which are otherwise found in all traditional hair dryers. Motor with constant torque output: always at maximum efficiency.
